Beschlussvorschlag

Die Bürgerschaft beschließt den Beitritt der Universitäts- und Hansestadt Greifswald zum internationalen Netzwerk „Cities for Life – Cities against the Death Penalty“ (Städte für das Leben – Städte gegen die Todesstrafe).

Dieser Beitritt soll interessierten Bürgern Greifswalds eine Plattform ermöglichen, im Sinne dieses Netzwerkes Aktivitäten und Initiativen auch in Greifswald anzuregen.

Dazu sollte eine Kontaktperson für das Netzwerk und mögliche Initiativen in der Stadt benannt werden. Auf den Webseiten der UHGW wäre ein entsprechender Hinweis einzuarbeiten.

Sachdarstellung/ Begründung

Im Sommer 2015 wurde Greifswald vom internationalen Netzwerk „Cities for Life – Cities against the Death Penalty“ (Städte für das Leben – Städte gegen die Todesstrafe) angeschrieben und zur Beteiligung an diesem Netzwerk aufgerufen (siehe Anlage).

In diesem Schreiben wurde u.a. darüber informiert:

„... Heute sind fast 2000 Städte und darunter 71 Hauptstädte aus 98 Ländern an der Kampagne beteiligt und führen Initiativen mit erzieherischem Charakter oder zur Sensibilisierung der Bürger durch ...“.

Ein zentraler Punkt für solche Aktivitäten ist für das internationale Netzwerk der 30. November.

„... Das Datum wurde ausgewählt, weil es an die erste Abschaffung der Todesstrafe durch das Großherzogtum Toskana am 30. November 1786 erinnert...“

Der Ruf nach Ächtung der Todesstrafe wird international verstärkt je mehr z.B. Städte sich diesbezüglich positionieren (siehe Karte). Ein Beitritt Greifswalds könnte auch Greifswaldler Einwohner ermutigen, dies mit kontinuierlichen Initiativen zu unterlegen. Solche Initiativen könnten z.B. sein:

- Den 30. November als Aktionstag gegen die Todesstrafe begehen.
- Ein geeignetes Monument/Denkmal ausfindig zu machen, dass als „lebendiges Logo“ der Kampagne jeweils zum Aktionstag speziell beleuchtet werden kann
- und unter Einbeziehung von Bildungseinrichtungen, Vereinen und Initiativen begleitende Veranstaltungen zur Ablehnung der Todesstrafe zu organisieren.

Dieser Beschluss soll in dieser Hinsicht eine deutliche Positionierung der UHGW bewirken. Jedoch sollten die Initiativen dazu aber von den Einwohnern initiiert werden, die dann den Möglichkeiten entsprechend von der UHGW unterstützt werden.

Commissione Europea

Rome, 2 July 2015

Dear Mayor,

Last December 18th at the UN General Assembly 117 Countries voted in favor of the resolution "moratorium on the use of death penalty".

The Community of Sant'Egidio has been committed for a long time in this field, has organized two relevant public initiatives in Japan and in the Philippines, and has strengthened youth educational activities and support to inmates in the death rows, in many Countries of the world. The organization of the 14th edition of the International Day "Cities for Life / Cities against the Death Penalty" is in full activity and it will be held also this year on 30th November, in memory of the first abolition of the capital punishment by the Grand Duchy of Tuscany, on 30th November 1786.

The initiative aims at stressing the role that Municipalities can play in the abolitionist process through the organization and dissemination of educational and cultural initiatives that focus attention on this crucial issue, connected - unfortunately - to the phenomenon of violence, widespread in many urban contexts.

We wish to involve your Administration in the framework of these initiatives, supported jointly by the Community of Sant'Egidio and the European Commission, to persevere in the joint effort for the respect for life and human dignity, and to raise awareness on the urgent need of abolishing the inhuman practice of death penalty from the juridical and penal context in US.

Please find attached the documentation concerning how to adhere.

Looking forward to your response, I express my feelings of appreciation.

World Day “*Cities for Life*”

Cities for Life - Cities against death penalty

2002. Now more than 1950 cities have rallied around the initiative - including 75 capitals in

In 2002, the Community of Sant'Egidio launched the first International Day **Cities for Life - Cities against the Death Penalty** on 30th November. The date was chosen in memory of the first time the death penalty was abolished, in the Grand Duchy of Tuscany on 30th November 1786. Approximately 80 cities were involved for the first edition in

five continents, taking part in the event by raising public awareness, promoting educational initiatives and organising events held in symbolic monuments and squares. The International Day **Cities for Life - Cities against the Death Penalty**, is the largest international mobilization of the abolitionist movement. Its objective is to establish a dialogue within the civil society on the topic and involve local administrators, aiming at abolishing the death penalty and making the rejection of violence the true identity of a city and its citizens.

The Colosseum in Rome, when illuminated by a special light, has become the universal place and symbol of the abolitionist efforts. The Colosseum is lit up whenever an important milestone on the road to abolition and lasting moratorium is reached in the world.

To invite your city to take part in this network of Cities Against the Death Penalty, please contact the Coordination Office (abolition@santegidio.org).

Through this channel a number of materials are made available upon request (like videos, significant international witness statements and invitations), as well as information on the many initiatives held worldwide.
